Thesis submitted in fulfillment of the requirements
for the award of the
Bachelor Degree in Civil Engineering

Faculty of Civil Engineering and Earth Resources
UNIVERSITI MALAYSIA PAHANG

DECEMBER 2017

SUPERVISOR'S DECLARATION

I hereby declare that I have checked this thesis and in my opinion, this thesis is adequate in terms of scope and quality for the award of the degree of Bachelor of Civil Engineering

(Supervisor's Signature)

Full Name : IR. DR. SAFFUAN BIN WAN AHMAD

Position : SENIOR LECTURER

Date : 29 DECEMBER 2017

STUDENT'S DECLARATION

I hereby declare that the work in this thesis is based on my original work except for quotations and citations which have been duly acknowledged. I also declare that it has not been previously or concurrently submitted for any other degree at Universiti Malaysia Pahang or any other institutions.

This thesis is proudly dedicated to:

All my beloved family (my mother, my father, my brother and all my friends)

Thanks for your endless love, sacrifices, prayers, supports and advices

ACKNOWLEDGEMENT

Above all I would like to thank “ALMIGHTY ALLAH” who’s guidance and let me courageous at every moment to finish my thesis. I believe that he is the only sovereign authority who has control everything.

I extend my humble and deepest appreciation to all that help me in writing this thesis. My first appreciation goes to my Supervisor Ir. Dr. Saffuan Bin Wan Ahmad who has given precious advice, instructions and knowledge during completing my thesis. Besides that, I would like to thanks the respected panel, Dr Fadzil bin Mat Yahaya and En. Khalimi Johari bin Abd Hamid for their comments and suggestion to improve my thesis.

To my family, especially to my beloved father, Azman Bin Sajadi and my beloved mother Norzalina Binti Hasbullah for their continuous prayers and support. Not forget to my dearest friend Dinie Amni Binti Mahamud, and Fatin Nabihah Binti Suhaime who always give continuous help and support.
